

*King's garden
Cultivating connections to the natural world*

Mae'r cwmni uchod, King's Garden, wedi cysylltu gyda ni yn Ysgol Gwenffrwd i ofyn am ein cefnogaeth – wrth iddynt ymgeisio am nawdd i wella a datblygu ardal yr ardd yn Ysbyty Treffynnon.

Gwelwch yr wybodaeth isod os gwelwch yn dda.

Ysgol Gwenffrwd has been contacted by King's Garden who are commencing a project with Holywell Community Hospital to develop some of the outside space / garden area. They are asking for support – by you giving your opinions as parents / families who live in the Holywell town area and who have links with the Community Hospital here.

This is the message we have received for your consideration:

FAO Ysgol Gwenffrwd, Holywell

We are hoping to develop the small, grassy area in front of the hospital (on the left as you're coming in through the entrance), into a garden space. Any support you can offer around this will be greatly appreciated – if I could have your parental / families responses returned by Wednesday 15th February (link to Google form attached).
