

Gwaith Cartref Y Gofod ~ Space Homework

Here are a range of space related homework activities. We would like you to complete **AT LEAST ONE** of these over the half term holiday (in school by 4/11/19).

We'll be asking for another 3 pieces of homework from the list below on the following dates:
18/11/19 ~ 2/12/19 ~ 16/12/19

You can choose which activities you would like to complete – but please make an effort to complete them to a high standard, so that you are proud to share them with the class & teachers. Enjoy!

1. Create your own space themed top trumps cards.
2. You are going on a spaceship and can only take 10 things with you. What will you take? Either write or draw them in your suitcase. You are going to meet some aliens on another planet. What 10 things would you take as presents for them? Draw them in a gift box.
3. Make an acrostic poem for one of the planets e.g. M A R S This could be a list of words beginning with each letter, a sentence for each line or even a rhyme.
4. Find out facts about the space missions - What was the first creature sent into space? Who was the first astronaut? Who was the first man on the moon? What other interesting facts can you find?
5. Bake your own space themed cookies or biscuits. They could be star, rocket or planet shaped. They could even include space rocks such as popping candy! Write the recipe in your homework jotter. Feel free to share your biscuits with your teacher!!
6. Make a 3D model rocket with a parachute to aid re-entry.
7. Keep a sky at night journal for a whole week. Write about everything you can see in the sky. You could draw a picture of the moon every night. Does it change over the course of the week?
8. Prepare a lesson to teach the class about an aspect of Space you enjoy (Be ready to teach it!)
9. Design an alien (look to the natural world for features) and create an alien mask.
10. Create a timeline to show the history of space travel.
11. Complete a character study of Neil Armstrong or any other famous astronaut/cosmonaut.
12. Write newspaper report about the first moon landing.
13. Create a new mnemonic that will help others in the class remember the names of the planets and their order from the sun.
14. Use scrap paper, foil, sweet wrappers and other junk around the house to create your own space collage.
15. Make a space mobile that you could hang in the classroom.

Rhieni:

Byddwn yn gwneud llawer o waith dysgu ar Y Gofod (dydd a nos, trefn y planedau, bywyd gofodwyr ar orsaf ofod) ar ôl y gwyliau hanner tymor. Bydd yn help mawr i'ch plentyn os y byddant wedi trafod a dysgu am y gofod dros y gwyliau er mwyn paratoi at y gwaith dosbarth fis nesaf. Rydym yn wir gobeithio gweld gwaith cartref o safon uchel gan fod digon o amser i'w gwblhau. Gall eich plentyn gwblhau y gwaith cartref yn GYMRAEG neu'n SAESNEG. Diolch.

Efallai byddwn yn gyrru gwaith cartref rhif byr adres yn achlysurol hefyd er mwyn ymarfer sgiliau penodol.

Parents:

We will be learning about Space (day & night, the order of the planets, astronauts' life in space) after the half term holiday. It will benefit your child greatly to have discussions and experiences learning about space over the half term holiday, in preparation for next month. We are expecting the homework to be of a high standard as there is plenty of warning and time given to complete the tasks. Your child may complete these tasks in Welsh or English. Diolch.

P.S. We may also send short number homework tasks to practise specific number/maths skills as and when needed to help your child.
